## **Acting Assoc. Administrator for Legislative Affairs Visits Center**

The NASA Acting Associate Administrator for Legislative Affairs, Edward Heffernan, will visit Marshall Tuesday. Heffernan's tour will include an overview of the Cold Flow Propulsion Systems Test Facility, FASTRAC and Productivity Enhancement Complex, and the International Space Station Manufacturing and Assembly Facility.

## **Buyout Window Ends Feb. 3; Early Out Extended to March 31**

## **Sen. Session's Legislative Director, Field Rep. Visit Marshall Tues.**

U.S. Sen. Jeff Sessions' legislative director, Richard Dearborn, and field representative, Angela Colvert, will visit Marshall Tuesday. Dearborn and Colvert plan to discuss the Advanced Space Transportation and space-based laser programs, among other topics.

## **Employee Suggestions Foster Custodial Service Changes**

The Marshall's custodial contractor, CSI, returned services to the day shift and increased frequency of trash pick-up in some areas. Starting next week, they will also add more people. These changes were negotiated by the Center Operations Directorate in response to complaints from employees and a discussion in a Center Director's employee update. Comments or suggestions may be referred to May Wales at 4-5552.
